SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS.

This is the sole of a family, or any one male over 18 years old, may homestead a quarter-section of land in Saskatchewan or Alberta. A applicant must appear in person at the Dominion Land Surveyor's Office for the District. "Entry by proxy" may be used at any Dominion Land Agency (Dominion Land Surveyor) and attorney will be appointed.

—Six months' residence and cultivation of the land in each of three years. A homesteader may live with his wife and children on certain a farm of at least 80 acres, on certain conditions. A habitable house is required to be built on the land in the vicinity.

In certain districts a homesteader in good standing may apply for a quarter section alongside his homestead. Price \$10.00 per acre.

After a month's residence in each of three years after earning homestead, a patent may be obtained as soon as homestead patent is issued.

A settler who has exhausted his homestead right may take a purchase of land under the same regulations. Price \$10.00 per acre. Duties—Must reside six months in each of three years after the acquisition of the land with \$200.

The area of cultivation is subject to regulation. It must be a crop, scrubby or stony land, or live stock may be substituted for cultivation under certain conditions. W. W. GORY, C.M.G., Deputy of the Commissioner of the N.W.—Unauthorized publication of this advertisement will not be paid for.

Union Sunday school is held in the Presbyterian church every Sunday at 11 a.m. Methodist church service at 7:30 p.m. Chas Bishop, pastor.

Grading of Grain

An order-in council has been issued at Ottawa establishing certain grades of grain specifically for seed purposes without affecting the commercial grade fixed under the grain act.

The primary purpose is "to create a substantial supply of Red Fife and Marquis wheat, and oats and rye, second barley that is clean, of superior quality and reasonable price, so that such grain may be made available to farmers, seed merchants, grain dealers, at a minimum cost, the main object being the improvement of field crops."

"The nomenclature of grades of grain for seed purposes shall be as follows:

"No. 1 Canada western seed oats shall be composed of 95 per cent. of white oats, sound, clean and free from other grain, shall be free from noxious weed seeds within the meaning of the seed control act, and shall weight not less than 35 pounds to the bushel."

"No. 2 extra Canadian western seed barley shall be composed of the six-varieties listed, sound, plump, free from other grain, of fair color, free from noxious weed seeds within the meaning of the seed control act, and shall weight not less than 15 pounds to the bushel."

"No. 1 Manitoba northern seed wheat shall be composed of 85 per cent. of red fife, or 85 per cent. of marquis

Will Exhibit at Bow Island.

Experimental Farm Exhibit has arrived for the Agricultural Show next Thursday.

One of the most interesting exhibits at the Bow Island Agricultural Show on Thursday next, October 21st, will be that from the Dominion Experimental Farm at Lethbridge.

The exhibit itself is evidently practical. The old style agricultural exhibit composed of small sheets of grain varieties arranged in sizes, classes, crescents, etc., imperfectly named, and hand picked grains in sealed bottles has been superseded by an exhibit of models of farm buildings, poultry buildings and other articles which are most educational and give a man some good ideas to take home and hold upon. There are also some thirty-five different circulars on agriculture and dairying matters for distribution.

Some of the interesting and educational features of the exhibit are the models of a plank frame true barn with a self-supporting roof section of a good warm wall for a dairy stable; model of open front poultry houses and grit and mash keepers for feeding poultry; model bee hive with tools and smoker for handling bees; model hot bed for early flowers and vegetables; model of a portable log cabin; noxious weeds which every farmer should know in large amounts. Also a model of a slate silo which will "take" care of the fodder corn which grows well here to stage stage and a glass vase of live bees very appealing.

The Experimental Farm at Lethbridge has concluded fruits such as apples, currants, raspberries and strawberries, and vegetables, asparagus, rhubarb, peas in glass jars. Also some models of a slate silo which will "take" care of the fodder corn which grows well here to stage stage and a glass vase of live bees very appealing.

The Bow Island Orchestra will be in attendance.

Admission—Adults 25c., Children 15c.

as the proceeds of the Canadian public's generosity are distributed as a fee gift.

A recent cablegram from Col. Hodges, the Canadian Red Cross commissioner in England, characterizes all reports of the sale of Red Cross supplies as absolutely preposterous.

Even stronger language could be used.

The Canadian Red Cross discharges this trust faithfully. It distributes

all its supplies impartially and freely.

WINDY RIDGE

Mrs. Jessie Prasky, who has been spending the last two weeks with Mr. and Mrs. J. Lawrence, has returned to Bow Island with her husband where they intend living for a few months.

The Misses Hayden, Parker and Hodges will be in Windy Ridge Sunday evening.

Mrs. Jessie Prasky was called at Mrs. Daily's last Friday.

Miss Marjory Murray is spending a few days with her sister, Mrs. C. C. Johnson.

Have you heard the wedding bells yet? Not I and yet but soon.

There is a lot of blue smoke over east, Somebody says it is Joe Enderby thrashing.

Mr. Herb Riley was a Windy Ridge visitor last Friday.

Miss Myrtle and Mabel Parker intend leaving for the Hat shanty, where they will attend school this winter.

Mr. Langley, post master of Grandview, and Mr. Scott of Preppy took dinner with Ed Team last Saturday.

Mr. George Riden and Frank Ream of south of Bow Island were Windy Ridge callers Sunday.

"Great Fortunes From Little Savings Grow"

THE founders of fortunes fought their way from poverty. They started small, and grew great by saving. With ready money, they were able to take advantage of the opportunities that made them wealthy and famous. Make your start now. Open a account in the Bow Island Department of British North America and save something every week or month, until YOUR opportunity presents itself.

A Trip Through Canadian West

(By Chas. O. Robinson in the Live Stock Report, issued by Clay, Robinson & Co., Chicago)

and South St. Paul.

Leaving Redmond recently for a trip through the above territory, we will report that Mr. A. W. Thomas our good cattle salesman at the above points went to St. Paul, Minneapolis, Crookston, Minnesota, to attend the fair. Mr. Walter Hill, son of the well known Mr. George W. Hill, manager, has a splendid exhibit of products from the state of Oregon, of which extract oil from blue ribbons. He spent the day with us and that night we were entertained at the home of Mr. and Mrs. Nortcott, St. Paul, where we were royally entertained at a breakfast by Mr. and Mrs. Hill. We decided to go to Winona with us while we were there, as we had never dreamt that we would be fortunate enough to have such good company in the writer's first trip to Canada.

We spent two days in Winona and were greatly pleased. Mr. George Vachon and Cameron, who are connected with the live packing all along the Mississippi River, from St. Paul to Montreal, to the stock yards at Winona, were about the same as us. They are all nicely located, and we were well pleased with the yards. We were then driven to the Agricultural College, which is a tremendous place. The buildings were a great surprise as they were all new and represent several million dollars. The weather was bad and, however, while we were there we visited the city. Winona is a beautiful city, located in a well settled district along the river, with many fine homes of Messrs. Gordon and Faro at the head of the river.

From Winona we travelled to Regina, where we were royally entertained by the mayor and a large delegation of the leading citizens. We were then driven to the Agricultural College, where we were royally entertained by the president and his wife, and the governor for the province of Saskatchewan. We were greatly surprised at the small number of students, as we had taken the liberty of advising the farmers to bring their young men along. We were then driven to the Agricultural College, which was a tremendous place. The buildings were a great surprise as they were all new and represent several million dollars. The weather was bad and, however, while we were there we visited the city. Winona is a beautiful city, located in a well settled district along the river, with many fine homes of Messrs. Gordon and Faro at the head of the river.

From Regina we went to Moose Jaw, where we were royally entertained by Messrs. Robertson and Fletcher, representatives of the Gordon, Iron and Steel Company, and their family. We were then driven to Moose Jaw, where we were met by Mr. J. A. Lath, superintendent of the Matador Ranch, which is a large ranch of large land leased from the Canadian government. We had a good look at the ranch, and the next day spent one night at the ranch, getting back to Moose Jaw after never seeing a breakdown in the rain.

We then took the train to Maple Creek, where we were met by Mr. G. C. MacLean, president of the Saskatchewan Stock Growers' Association. It was held in the Masonic Hall, where we were royally entertained by Mr. W. E. Mann, president of Maple Creek. Mr. W. E. Mann, president of the Merchant Bank of Maple Creek, secretary and treasurer. The meeting was opened with a speech by Mr. G. C. MacLean, president of the Canadian Pacific Railroad, who got up a good speech, and some good speeches. Mr. E. H. MacLean, president of the Canadian Pacific, stating that their shipments this fall as usual would be well looked after. Mr. MacLean, who had been invited to Gulf Lake, then motored to Crane Lake and had the pleasure of staying with Mr. and Mrs. D. J. Peacock and his sons, and a nice dinner with them. We then drove around the city and had a nice dinner with those gentlemen and their families. We then motored to Mr. Robert Cruckshank's, the well known rancher, and his wife, who are about the only living descendants of the famous Cruckshank family of St. Paul, Minnesota, and his wife, his house afterwards. Mr. Cruckshank and daughter being exceedingly kind.

From there we took the midnight train to Moose Jaw, where we were met by Mr. J. A. Lath, superintendent of the Matador Ranch, which is a large ranch of large land leased from the Canadian government. We had a good look at the ranch, and the next day spent one night at the ranch, getting back to Moose Jaw after never seeing a breakdown in the rain.

We then took the train to Maple Creek, where we were met by Mr. G. C. MacLean, president of the Saskatchewan Stock Growers' Association. It was held in the Masonic Hall, where we were royally entertained by Mr. W. E. Mann, president of Maple Creek. Mr. W. E. Mann, president of the Merchant Bank of Maple Creek, secretary and treasurer. The meeting was opened with a speech by Mr. G. C. MacLean, president of the Canadian Pacific Railroad, who got up a good speech, and some good speeches. Mr. E. H. MacLean, president of the Canadian Pacific, stating that their shipments this fall as usual would be well looked after. Mr. MacLean, who had been invited to Gulf Lake, then motored to Crane Lake and had the pleasure of staying with Mr. and Mrs. D. J. Peacock and his sons, and a nice dinner with them. We then drove around the city and had a nice dinner with those gentlemen and their families. We then motored to Mr. Robert Cruckshank's, the well known rancher, and his wife, who are about the only living descendants of the famous Cruckshank family of St. Paul, Minnesota, and his wife, his house afterwards. Mr. Cruckshank and daughter being exceedingly kind.

From there we took a train to Medicine Hat, situated in the province of Alberta. We were not at all satisfied with the service of the Western Union Telegraph Company, and landing at the hotel we met Mr. H. Spencer, president of the Western Union Telegraph Company, and a number of other leading cattlemen. The following evening there was a big meeting at the Hotel Bow, which was well attended. Mr. Spencer took the chair, and was succeeded by Mr. H. W. Ireland, secretary. Mr. H. S. Peacock, Dr. Hargrave, Mr. George W. Hill, manager of Alberta, and Mr. Lynch, manager of the Bow River Ranch, were present. There was a great interest shown in the meeting, and all present had a good time.

From Medicine Hat we travelled on to Bow Island, where we were met at the train by Mr. C. Barasch and a number of leading cattlemen. A meeting was held at the Bow Island Hotel that afternoon, and in the evening we motored to the Bow River Hotel. After getting out three or four times by hand we drove back to town and had a delicious meal at the Bow River Hotel. We then motored to the ranches, where we saw many fine grain fields, including wheat, barley, oats, and rye, which was five feet high, and a splendid crop of barley.
